4 **BE IT ENACTED** by the Senate and General Assembly of the State  
5 of New Jersey:

6

7 1. As used in P.L. , c. (C. ) (pending before the  
8 Legislature as this bill):

9 “Biosimilar” means a drug that is produced or distributed  
10 pursuant to a biologics license application approved under 42  
11 U.S.C. s.262(k)(3).

12 “Brand name drug” means a prescription drug approved under 21  
13 USC s.355(b) or 42 USC s.262.

14 “Carrier” means the same as that term is defined in section 2 of  
15 P.L.1997, c.192 (C.26:2S-2).

16 “Division” means the Division of Consumer Affairs in the  
17 Department of Law and Public Safety.

18 “Drug group” means a group of drugs defined by the division for  
19 the purpose of facilitating revenue and cost reporting by  
20 manufacturers, carriers, pharmacy benefits managers, and  
21 wholesalers under sections 2 through 5 of P.L. , c. (C. )  
22 (pending before the Legislature as this bill).

23 “Manufacturer” means a business registering under P.L.1961,  
24 c.52 (C.24:6B-1 et seq.) that is either engaged in the production,  
25 preparation, propagation, compounding, conversion, or processing  
26 of drug products or is engaged in the packaging, repackaging,  
27 labeling, relabeling, or distribution of drug products.

28 “Market introduction” means the month and year in which a  
29 manufacturer acquired or first marketed a drug for sale in New  
30 Jersey.

31 “Pharmacy benefits manager” means a corporation, business, or  
32 other entity, or unit within a corporation, business, or other entity  
33 that, pursuant to a contract or under an employment relationship  
34 with a carrier, a self-insurance plan or other third-party payer, either  
35 directly or through an intermediary, administers prescription drug  
36 benefits on behalf of a purchaser.

37 “Reporting entity” means any manufacturer, carrier, pharmacy  
38 benefits manager, wholesaler, or any other entity required to report  
39 to the division under P.L. , c. (C. ) (pending before the  
40 Legislature as this bill).

41 “Wholesale acquisition cost (WAC)” means the manufacturer’s  
42 list price to wholesalers or direct purchasers in New Jersey on  
43 December 31 of the reference year, as reported in wholesale price  
44 guides or other publications of drug or biological pricing data.  
45 WAC shall not include prompt pay or other discounts, rebates, or  
46 reductions in price. The current or proposed WAC is the amount  
47 that prompts reporting under this act. If reported by drug group, it is

1 the average WAC weighted by the relevant number of WAC units  
2 dispensed in the State.

3 “WAC unit” means the lowest identifiable quantity of the drug or  
4 biological that is dispensed, in the State exclusive of any diluent

16  
17 STATEMENT  
18

19 This bill establishes data reporting requirements for pharmacy  
20 benefits managers (PBMs), wholesale drug distributors, insurance  
21 issuers, and manufacturers so that the Division of Consumer Affairs  
22 can issue an annual report on emerging trends in prescription drug  
23 pricing at each stage of the supply chain. Every year, each of these  
24 reporting entities must register with the department and report on  
25 measures such as the volume, sales, revenue and year-over-year  
26 change in prescription drug transactions. Once the department  
27 compiles this information and publishes its annual report on  
28 prescription drug pricing trends, it must hold a public hearing on the  
29 findings.

30 The bill also mandates that a manufacturer notify the department  
31 if it is increasing the price of a prescription drug or if it is  
32 introducing: a new drug with a wholesale acquisition cost of \$670  
33 per unit or more or a biosimilar drug that has a wholesale  
34 acquisition cost that is not at least 15 percent less than the  
35 wholesale acquisition cost of the referenced brand biologic at the  
36 time the biosimilar is launched. The price increase reporting  
37 requirement applies in any case where a manufacturer increases the  
38 wholesale acquisition cost by more than 10 percent per unit for any  
39 brand-name drug or any generic drug priced at more than \$10 per  
40 unit.

41 The bill appropriates from the General Fund to the Division of  
42 Consumer Affairs in the Department of Law and Public Safety  
43 \$900,000 to implement the provisions of the bill.
