STATEMENT

9

10 This bill authorizes SORA Level 2 armed security officers to
11 carry a large capacity ammunition magazine that holds up to 15
12 rounds of ammunition.

13 Current law generally prohibits the possession of large capacity
14 magazines. A large capacity ammunition magazine is defined as “a
15 box, drum, tube or other container which is capable of holding more
16 than 10 rounds of ammunition to be fed continuously and directly
17 therefrom into a semi-automatic firearm.” The prohibition on large
18 capacity magazines does not apply to members of the Armed Forces
19 or on-duty law enforcement officers. Further, off-duty law
20 enforcement officers are authorized to carry a large capacity
21 magazine of up to 17 rounds and may exceed the 17 round limit if
22 they are using their service weapon for official duties.

23 This bill specifically authorizes SORA Level 2 Armed Security
24 Officers to carry a large capacity ammunition magazine capable of
25 holding not more than 15 rounds of ammunition that can be fed
26 continuously and directly into a semi-automatic firearm. Security
27 officers licensed to carry a firearm who are employed with a private
28 security firm or work as in-house security officers are required to
29 register with the State Police under the State’s Security Officer
30 Registration Act (SORA). Armed security officers are regulated as
31 “Level 2” security officers.

32 Armed security officers play a vital role in protecting this State’s
33 citizens in both private and public venues, including soft targets
34 such as schools and places of worship. Often serving as first
35 responders and working in conjunction with law enforcement
36 officers, it is essential that these officers have enhanced fire-power
37 to match that of the active shooters they encounter.
