

STATEMENT TO
[First Reprint]
SENATE, No. 2835

with Senate Floor Amendments
(Proposed by Senator BEACH)

ADOPTED: JUNE 20, 2023

These Senate Amendments expand the current law to provide that a veteran who holds a county-issued license to hawk, peddle, and vend food items within a county will have that right extended to include on the property or premises of any State-owned or State-leased office building in that county if that action does not unduly interfere with traffic, public safety, the conduct of State business, or a contract that is in effect on the effective date of the bill.
