STATEMENT

33

34 Under current law, the holder of a limited brewery license is
35 entitled to brew up to 300,000 barrels of 31 fluid gallons capacity
36 per year of malt alcoholic beverages to sell and distribute to
37 wholesalers and retailers. These licensees are authorized to sell
38 their product at retail to consumers on the licensed premises for on-
39 site consumption, but only in connection with a tour of the brewery.

40 Under this bill, consumers would not be required to take a tour of
41 the brewery to purchase beverages for on-site consumption.
42 However, the bill requires the licensee to make tours of the brewery
43 available to consumers during business hours when the brewery is
44 open to the general public and brewing, packaging, or maintenance
45 operations allow for the conducting of a tour.
