

LEGISLATIVE FISCAL ESTIMATE

[First Reprint]

SENATE, No. 3837

STATE OF NEW JERSEY
220th LEGISLATURE

DATED: JUNE 30, 2023

SUMMARY

- Synopsis:** Clarifies process for administrative appropriations to UEZs; makes appropriation.
- Type of Impact:** State Revenue and Cost Increases.
- Agencies Affected:** Department of the Treasury.

Office of Legislative Services Estimate

Fiscal Impact	Urban Enterprise Zones
Annual State Revenue from UEZs	100 percent Increase in full Sales Tax Collections for Recreational Cannabis and Related Supplies in 37 UEZs
State Cost Increase	\$82.5 million

- The Office of Legislative Services (OLS) concludes that the bill will result in an increase in State revenues associated with a 100 percent increase in the sales tax collected in Urban Enterprise Zones (UEZs) for recreational cannabis and cannabis-related supplies. The bill requires tax revenues on the sale of recreational cannabis items to be credited to the Cannabis Regulatory, Enforcement Assistance, and Marketplace Modernization Fund and the Underage Deterrence and Prevention Account within the fund.
- The bill makes a General Fund appropriation of \$82.5 million to the Enterprise Zone Assistance Fund for the fund’s purposes.

BILL DESCRIPTION

The bill clarifies the process for appropriating revenue under the State UEZ Program for use within UEZs. Specifically, the bill appropriates \$82.5 million to the Zone Assistance Fund from the General Fund and excludes the sales of medical and recreational cannabis, and related supplies from the 50 percent sales tax exemption within UEZs, as is currently the case for alcoholic beverages and some other retail sales.

FISCAL ANALYSIS***EXECUTIVE BRANCH***

None received.

OFFICE OF LEGISLATIVE SERVICES

The OLS concludes that the bill will result in an increase in State revenues associated with a 100 percent increase in the sales tax collected in UEZs for recreational cannabis and cannabis-related supplies. Current law provides that qualified businesses within a UEZ may charge sales tax at half of the regular rate on certain retail sales. The bill provides that neither medical nor recreational cannabis, nor cannabis supplies, qualify for the reduced sales tax rate. However, pursuant to current law, medical cannabis is not subject to sales tax. The bill will therefore, increase the amount of sales tax to be collected for recreational cannabis and cannabis supplies from 3.3125 percent to 6.625 percent within UEZs. The bill requires tax revenues on the sale of recreational cannabis items to be credited to the Cannabis Regulatory, Enforcement Assistance, and Marketplace Modernization Fund and the Underage Deterrence and Prevention Account within the fund. The OLS is unable to estimate the number of businesses that are located within UEZs which sell or will sell recreational cannabis or cannabis supplies or the prices of these products and, therefore, cannot predict the specific increase in sales tax to be collected pursuant to the bill.

The bill also clarifies that the gross amount of all revenues from the taxation of retail sales, which excludes sales of motor vehicles, alcoholic beverages, cigarettes, manufacturing machinery, energy, and cannabis, are required to be deposited in the Enterprise Zone Assistance Fund for the fund's purposes.

The bill also makes a General Fund appropriation of \$82.5 million to the Enterprise Zone Assistance Fund for the fund's purposes. The OLS notes this appropriation is equivalent to the maximum FY 2023 statutory appropriation.
