STATEMENT

16

17 This bill prohibits public libraries and public school libraries
18 from banning or restricting access to certain books and permits the
19 withholding of State Aid for non-compliance.

20 This bill prohibits a governing body of any free public library,
21 joint free public library, free county library, and free regional
22 library from banning or restricting access to books or other resource
23 materials because of partisan or doctrinal disapproval.
24 Additionally, this bill requires the governing body of these public
25 libraries to either adopt: 1) the American Library Association's
26 Library Bill of Rights, which provides that books and materials
27 "should not be excluded because of the origin, background, or
28 views of those contributing to their creation;" or 2) a policy
29 prohibiting the banning or restricting access to a book or resource
30 because of partisan or doctrinal disapproval.

31 Under the "state library aid law," the Department of the Treasury
32 can withhold State Library aid from any municipality, county, or
33 area library if the public library fails to comply with certain laws
34 and regulations. This bill amends current law to permit the
35 withholding of State Library aid if a public library fails to follow
36 the provisions of this act.

37 Similarly, this bill prohibits a board of education of a school
38 district from banning or restricting access to books or other resource
39 materials in a school library. Under the bill, a board of education is
40 similarly required to adopt the American Library Association's
41 Library Bill of Rights or a policy prohibiting the banning or
42 restricting access to books or resources. The bill permits the
43 Commissioner of Education to withhold State aid to any board of
44 education that does not follow the provisions of this act.

45 The bill's provisions should not be construed to require a free
46 public library or board of education to purchase, or otherwise
47 acquire, a book or resource for inclusion in its collection.
