STATEMENT

12

13 This bill establishes a winery-brewery sublicense that would
14 permit wineries to produce malt alcoholic beverages for retail sale
15 to consumers for consumption off the licensed premises and
16 establishes a farm brewery license that would permit the licensee to
17 produce malt alcoholic beverages for retail sale to consumers for
18 consumption off the licensed premises.

19 A farm brewery would operate in much the same manner as a
20 farm winery, using locally grown farm products in brewing malt
21 beverages which would be sold at the farm. A licensee would be
22 required to be actively engaged in farming on or adjacent to the
23 brewery site and to be actively cultivating hops or other products
24 used in the production of the malt alcoholic beverages.

25 A farm brewery licensee would be permitted to brew up to 2,000
26 barrels of malt alcoholic beverages per year for retail sale for
27 consumption off the premises and to offer samples. A graduated
28 license based on volume would range in cost from \$100 to \$300 a
29 year. A single individual or entity would be permitted to hold only
30 one farm brewery license.

31 The winery-brewery sublicense established by the committee
32 substitute would be available to plenary and farm winery licensees,
33 provided they are actively engaged in farming on or adjacent to the
34 winery premises and are growing and cultivating hops or another
35 product used in the production of the malt alcoholic beverages.

36 Under the provisions of the committee substitute, the holder of a
37 winery-brewery sublicense would be permitted to brew up to 3,000
38 barrels of malt beverages per year and to sell this product at retail
39 for off premises consumption and to offer samples. The committee
40 substitute does not authorize a licensee to sell any malt alcoholic
41 beverages to wholesalers and retailers. The annual fee for this
42 sublicense would be \$750.

43 A winery-brewery licensee would be permitted to hold only one
44 sublicense under the committee substitute.
