“Charter school” means a school established pursuant to P.L.1995, c.426 (C.18A:36A-1 et seq.). A charter school does not include a renaissance school project approved pursuant to the provisions of the “Urban Hope Act,” P.L.2011, c.176 (C.18A:36C-1 et seq.).

“Compensation study” means a review by the board of trustees of a charter school, or a third-party organization contracted by the board of trustees to conduct the review, of the proposed total remuneration for the top three salaried employees of the charter school compared to compensation for similar positions in school districts in the State and any other information the Commissioner of Education deems necessary.

“Education management organization” means a for-profit organization that operates or manages one or more charter schools linked by centralized support and operations.

2. Section 4 of P.L.1995, c.426 (C.18A:36A-4) is amended to read as follows:

C.18A:36A-4 Establishment of charter school.

4. a. A charter school may be established by teaching staff members, parents with children attending the schools of the district, or a combination of teaching staff members and parents. A charter school may also be established by an institution of higher education or a private entity located within the State in conjunction with teaching staff members and parents of children attending the schools of the district. If the charter school is established by a private entity, representatives of the private entity shall not constitute a majority of the trustees of the school, and the charter shall specify the extent to which the private entity shall be involved in the operation of the school. The name of the charter school shall not include the name or identification of the private entity, and the private entity shall not realize a net profit from its operation of a charter school.

b. A currently existing public school is eligible to become a charter school if the following criteria are met:

(1) At least 51 percent of the teaching staff in the school shall have signed a petition in support of the school becoming a charter school; and

(2) At least 51 percent of the parents or guardians of pupils attending that public school shall have signed a petition in support of the school becoming a charter school.

c. An application to establish a charter school shall be submitted to the commissioner and the local board of education or State district superintendent, in the case of a school district under full State intervention, in the school year preceding the school year in which the charter school will be established. Notice of the filing of the application shall be sent immediately by the commissioner to: the members of the State Legislature; school superintendents; and mayors and governing bodies of all legislative districts, school districts, or municipalities in which there are students who will be eligible for enrollment in the charter school. The commissioner

shall post the notice of the filing, along with instructions and a link for the public to submit comments concerning the application, on the department's Internet website where the notice shall remain until the commissioner makes a final decision on the application. Any other agency or governing body that receives notice of the filing pursuant to this subsection may post the notice on the agency's or governing body's Internet website.

The commissioner shall cause notice of the filing to be published in the county or counties where the charter school is to be located on three occasions. The notices shall be published in accordance with R.S.35:1-2.2 or any other requirements for issuing or publishing a public notice.

Each notice provided to the public, a school district, and a municipality pursuant to this section shall include instructions for the public to submit comments on the application to the commissioner within 30 days of the date of the first notice.

d. The local board of education or a charter school applicant may appeal the decision of the commissioner to the Appellate Division of the Superior Court.

e. A charter school established during the 48 months following the effective date of P.L.1995, c.426 (C.18A:36A-1 et seq.), other than a currently existing public school which becomes a charter school pursuant to the provisions of subsection b. of this section, shall not have an enrollment in excess of 500 students or greater than 25 percent of the student body of the school district in which the charter school is established, whichever is less.

Any two charter schools within the same public school district or within contiguous public school districts that demonstrate a need to consolidate may petition the commissioner to amend their charters and consolidate into one school pursuant to a process that shall be determined by the commissioner.

The board of trustees of a charter school shall have the authority to decide matters related to the operations of the school, including budgeting, curriculum, and operating procedures, subject to the school's charter. The board shall not contract with a for-profit entity to operate or manage the charter school. The board may contract with a charter management organization for these services. Notwithstanding the provisions of this subsection to the contrary, an education management organization that holds a contract to operate or manage a charter school in the State on the effective date of P.L.2025, c.277 (C.18A:36A-2.1 et al.) shall not be subject to the prohibition on contracting with a for-profit entity pursuant to this subsection.

The board shall provide for appropriate insurance against any loss or damage to its property or any liability resulting from the use of its property or from the acts or omissions of its officers and employees.

b. In the case of a currently existing public school which becomes a charter school pursuant to the provisions of subsection b. of section 4 of P.L.1995, c.426 (C.18A:36A-4), all school employees of the charter school shall be deemed to be members of the bargaining unit defined in the applicable agreement and shall be represented by the same majority representative organization as the employees covered by that agreement. In the case of other charter schools, the board of trustees of a charter school shall have the authority to employ, discharge, and contract with necessary teachers and non-licensed employees subject to the school's charter. The board of trustees may choose whether or not to offer the terms of any collective bargaining agreement already established by the school district for its employees, but the board shall adopt any health and safety provisions of the agreement. The charter school and its employees shall be subject to the provisions of the "New Jersey Employer-Employee Relations Act," P.L.1941, c.100 (C.34:13A-1 et seq.) and the "Conscientious Employee Protection Act," P.L.1986, c.105 (C.34:19-1 et seq.). d. A public school employee, tenured or non-tenured, may request a leave of absence of up to three years from the local board of education or State district superintendent in order to work in a charter school. Approval for a leave of absence shall not be unreasonably withheld. Employees on a leave of absence as provided herein shall remain in, and continue to make contributions to, their retirement plan during the time of the leave and shall be enrolled in the health benefits plan of the district in which the charter school is located. The charter school shall make any required employer's contribution to the district's health benefits plan.

e. Public school employees on a leave shall not accrue tenure in the public school system, but shall retain tenure, if so applicable, and shall continue to accrue seniority, if so applicable, in the public school system if they return to their non-charter school when the leave ends. An employee of a charter school shall not accrue tenure pursuant to N.J.S.18A:17-2, N.J.S.18A:17-3, or N.J.S.18A:28-5, but shall acquire streamline tenure pursuant to guidelines promulgated by the commissioner, and the charter shall specify the security and protection to be afforded to the employee in accordance with the guidelines.

f. Any public school employee who leaves or is dismissed from employment at a charter school within three years shall have the right to return to the employee's former position in the public school district which granted the leave of absence, provided the employee is otherwise eligible for employment in the public school.

6. Section 16 of P.L.1995, c.426 (C.18A:36A-16) is amended to read as follows:

The report shall be received annually by the local board, the executive county superintendent, and the commissioner no later than August 1.

The report shall also be made available on the charter school's Internet website and to the parent or guardian of a student enrolled in the charter school and shall be presented to the public at a regularly scheduled board of trustees meeting.

d. The commissioner shall commission an independent study of the charter school program. The study shall be conducted by an individual or entity identified with expertise in the field of education and the selection shall be approved by the Joint Committee on the Public Schools. The individual or entity shall design a comprehensive study of the charter school program.

e. The commissioner shall submit to the Governor, the Legislature, and the State Board of Education by October 1, 2001 an evaluation of the charter school program based upon the public input required pursuant to subsection c. of this section and the independent study required pursuant to subsection d. of this section. The evaluation shall include, but not be limited to, consideration of the following elements:

(1) the impact of the charter school program on resident districts' students, staff, parents, educational programs, and finances;

enrollment of students of limited English proficiency, and student progress toward meeting the core curriculum content standards as measured by student results on Statewide assessment tests;

(6) the degree of involvement of private entities in the operation and financial support of charter schools, and their participation as members of charter school boards of trustees;

(7) verification of the compliance of charter schools with applicable laws and regulations;

(8) student progress toward meeting the goals of the charter schools;

(9) parent, community, and student satisfaction with charter schools;

(10) the extent to which waiting lists exist for admission to charter schools and the length of those lists;

(11) the extent of any attrition among student and faculty members in charter schools; and

(12) the results of the independent study required pursuant to subsection d. of this section.

The evaluation shall include a recommendation on the advisability of the continuation, modification, expansion, or termination of the program. If the evaluation does not recommend termination, then it shall include recommendations for changes in the structure of the program which the commissioner deems advisable. The commissioner may not implement any recommended expansion, modification, or termination of the program until the Legislature acts on that recommendation.

f. Every five years the commissioner shall publicly report on the state of charter schools in New Jersey based on measures contained in the Performance Framework developed by the commissioner pursuant to regulations adopted under chapter 11 of Title 6A of the New Jersey Administrative Code to evaluate the academic, financial, and organizational performance of charter schools.

The commissioner may review the charter of a school that has been granted a renewal at any time during the renewal period.

b. The commissioner may place a charter school on probationary status to allow the implementation of a remedial plan after which, if the plan is unsuccessful, the charter may be summarily revoked. The commissioner may place a charter school on probationary status for any reason determined by the commissioner based on the individual circumstances of a charter school or if, on two occasions during a single school year, the charter school:
