2. Section 1 of P.L.1987, c.453 (C.12:7-60) is amended to read as follows:

1. a. The Superintendent of State Police in the Department of Law and Public Safety shall establish a list of approved boat safety courses, offered by public or private persons or agencies for profit or otherwise and taught by approved boat safety instructors. Approved courses shall provide formal instruction in power vessel handling and safety. The superintendent may approve a boat safety course upon the initiative of the superintendent or by application on a form to be created by the superintendent.

For the purposes of this section, "approved boat safety course" means a boat safety course that meets qualifications set forth in regulations promulgated by the Superintendent of State Police, in consultation with the Attorney General; the regulations shall require at least eight hours of instruction, with a minimum of six hours of classroom instruction, or, if the boat safety course is offered via the Internet, require at least the equivalent of eight hours of instruction; whether offered in a classroom or via the Internet, the boat safety course shall conclude with a closed-book written examination administered by an instructor in person and present with the person taking the written examination. 2 instructor as provided by the United States Coast Guard Auxiliary,
3 the United States Power Squadron, the National Safe Boating
4 Council or other certification program that is determined to be
5 acceptable by the Superintendent of State Police. A public or
6 private entity which offers a course that was approved by the
7 superintendent prior to the effective date of this act may continue to
8 offer that course until that approval has expired.

9 The superintendent shall, pursuant to the "Administrative
10 Procedure Act," P.L.1968, c.410 (C.52:14B-1 et seq.), adopt rules
11 and regulations to implement this section. While developing these
12 rules and regulations, the Superintendent of State Police shall
13 consult with the National Association of State Boating Law
14 Administrators, or its successor organization, concerning the
15 provisions of the rules and regulations being adopted pursuant to
16 this subsection.

17 b. A public or private entity authorized to offer a boat safety
