27 STATEMENT

28
29 This bill prohibits emergency shelters for the homeless from
30 restricting access to the shelter based on a perception or belief that a
31 person is: (1) a drug or alcohol dependent person; (2) not in
32 compliance with a prescription medication regimen; or (3) has
33 consumed alcoholic beverages off the premises of the shelter.

34 Current law prohibits emergency homeless shelters from refusing
35 admittance to a person who is perceived or believed to have a
36 mental illness. This bill expands the prohibition to include other
37 members of vulnerable populations in need of shelter. Current law
38 also provides that a shelter may prohibit admittance if there is a
39 reasonable basis to believe that the person poses a danger to self,
40 others, or property, or if the basis for the refusal is otherwise
41 authorized by law or regulation. Under the bill, shelters would
42 continue to have the authority to refuse admittance in these
43 circumstances.

EXPLANATION – Matter enclosed in bold-faced brackets **[thus]** in the above bill is
not enacted and is intended to be omitted in the law.

Matter underlined thus is new matter.

1 Finally, the bill provides that shelters are authorized to prohibit
2 the possession or consumption of controlled dangerous substances
3 and alcoholic beverages on the premises.
